

Lee Shippey Writes On Some Hokum

The two biggest optical firms in the world, both American, were indicted in Milwaukee the other day for illegal price fixing. I have some good friends who are oculists or optometrists, but I haven't any doubt that the costs of all kinds of optical goods are far higher than they need be to yield a substantial profit to manufacturers, and while that, in reason, is all right with most of us, it imposes a cruel handicap on those who cannot pay the prices.

And I have evidence that there is some hokum in some respected professions.

Fifty-odd years ago the foremost oculist in Kansas City sent me to the foremost optician with a prescription. The optician pondered the prescription with a profound look.

"We can have these for you in ten days," he said. "They'll cost you \$16."

BUT WHEN I returned on the appointed date the glasses were handed to me and the clerk said: "That will be \$4."

"But I thought you said \$16," I said.

"I hadn't noticed the note on the back of the prescription," he said. "It reads: 'Make these at cost.'"

As I hadn't seen nor dreamed of such a note, I was overwhelmed by such benevolent integrity and boasted of it to one of the three other oculists who had consulted on my case. He grinned.

"They still made about \$2 on them," he said. "The actual cost of grinding a lens is about 50 cents."

THAT, of course, was before the days of costly mechanical devices which need only to be set correctly to grind lenses perfectly, and in the days when only highly skilled labor got as much as 50 cents an hour.

But I have later evidence. A few years ago a student I knew thought he had complicated eye trouble and made inquiries for the ablest oculist in Los Angeles.

The doctor he chose gave him a prescription and sent him to the foremost optician. They told him his glasses would be ready by a certain date, eight days later. But when he went for them on that date the order had been overlooked—nothing had been done.

"But just sit in the waiting room," urged the expert. "We'll have them for you in 20 minutes."

And the complicated glasses were ready in 20 minutes, frames and all.

I was with the student at the time and am both an eyewitness and an ear witness.

In fairness, let me add that the glasses were perfect and were much help to the student, who felt he had fully got his money's worth, and when I recently got glasses which enable me to read, I felt the same way.

WHAT WITH impressive offices, attractive receptionists and highpowered motor cars, it costs a lot to operate any kind of medical or optical business now.

All the same, recent testimony about exorbitant prices for drugs, and this indictment charging the two biggest optical firms of collusion to fix prices and run competition out of business, is shocking, for it seems to cover a lot of shameful cruelty.

'PIONEER DAYS' CELEBRATION DATES FRIDAY, SATURDAY, OCT. 27 AND 28

WANT TO KNOW just how Sierra Madre's new \$120,000 Post Office building is going to look? Well, here is a photo made at this stage of construction on the S. Baldwin Ave. plot which will afford a general idea. Nice, isn't it?

New \$120,000 St. Rita's School Ready For Pupils At Opening In September

The new \$120,000 St. Rita's school and playgrounds now under construction on N. Baldwin between Olive and Mira Monte, just north and across the street from St. Rita's Church, is expected to be complete and ready for use by the time for opening of school in September.

Announcement of this effect is made by Rev. Thomas J. O'Malley, parish pastor.

The two-story elementary school is entirely of fireproof construction. In addition to the schoolrooms there will be an 8,000-square-foot auditorium to be built in the near future.

THE CLASSROOMS are of bricks on concrete slab. Second floor and roof are of concrete. All rooms open onto an exterior corridor with exterior stairways at

both ends of the building.

Rooms will contain 9,120 square feet and will accommodate 280 pupils. The auditorium, when complete, will seat 460 and will house a lobby, clock rooms, kitchen, storage facilities and semi-circular stage platform. Cost of the auditorium itself will add another \$85,000 to the overall expenditure.

Architects are Armet and Davis, AIA, of Los Angeles.

Lions Club Prexy Picks Advisory Unit

The date for Sierra Madre's annual "Pioneer Days" celebration has been definitely set by the sponsoring Lions Club for Friday and Saturday, Oct. 27 and 28.

If it is possible the celebration will be synchronized with dedication of the new \$120,000 Post Office building on S. Baldwin, the annual Halloween parade of school children and the October Dollar Days observance and sales put on by Sierra Madre merchants.

Charles T. Waters, Lions Club president, has appointed an interim advisory committee of Joe Degatto, Harold A. Pangborn, Frank B. Barbour and William M. (Red) Waite to function until chairmen of the various committees are appointed.

SO FAR, "MR. ED," famed talking horse of TV, has been obtained for the parade. It is expected that the annual Halloween costume pageant of young Sierra Madreans will be held in conjunction with the "Pioneer Days" parade on Saturday.

Mrs. Jennie Cumminskey of 3765 Edgewater Dr., Hastings Ranch, who shows "Mr. Ed," and Ed Brinkler, already have given advice and support for the celebration.

Closing of a contract for a carnival and location of the carnival grounds is expected shortly.

For further information contact Charles T. Waters, Lions Club president, at 501 N. Sunnyside, Sierra Madre.

New Faith Lutheran Sanctuary Designed To Seat 315 Churchgoers

Preliminary plans and elevations for the new church sanctuary of Faith Lutheran Church, as designed by Architect Culver Heaton of Pasadena, were approved in a meeting of all members of the parish held on Tuesday evening, Aug. 1. The architect was instructed to proceed with the working drawings and blueprints.

The new sanctuary will be on the southwest intersection of Sierra Madre Blvd. and Hastings Ranch Dr. To be constructed of brick and face stone, with clearstory trusses in the interior, the new sanctuary is designed for a seating capacity of 315.

The date for the initiation of construction will be either in the late months of this year or the early months of next year.

Plans and elevations, designed in color, may be viewed in the auditorium narthex before or after Sunday services.

Lanternman Given Kudos By Council

Amid the wreckage of the 48th Assembly District dismembered by the Democratic gerrymander or reappointment at Sacramento, Assemblyman Frank Lanternman of La Canada, began singing his swan song during an appearance Tuesday night before Sierra Madre City Council.

Assemblyman Lanternman came to receive the plaudits of Council for his excellent work at the State Capital in getting through a bill providing for larger retention of fines and forfeitures money for Sierra Madre, Monrovia and Arcadia, a move initiated by Sierra Madre Council.

He heard his efforts eulogized by City Atty. Charles R. Martin for this and for his other efforts in behalf of this area during his 11 years at Sacramento.

UNDER THE FINES and forfeitures bill the city now pays the county only 11 per cent of the monies received whereas in the past this was 39 per cent.

Assemblyman Lanternman explained that the gerrymander does not become effective until Jan. 1, 1963 so that he still has 16 months in which to serve the 48th district.

Under the reapportionment bill he will have to contest with Assemblyman Bruce Reagan for the Republican nomination at the June, 1962, primaries. This will be for the post in the new Assembly District.

Candidates for the re-grouped 48th Assembly District still remain in the shadowy political background.

IN AN INTERVIEW after the Council meeting, Assemblyman Lanternman detailed how the Democratic bigwigs in the Legislature offered him certain concessions if he went along with their reapportionment bill.

"I told them," he recounted, "that there could be no compromise and that I would not go along with them in their mutilation of the districts. I added that

Jim Hall Will Be Chairman Of Red Cross Disaster Unit

James B. Hall, proprietor of the Richfield Service Station on S. Baldwin, has accepted the chairmanship of the Disaster Program of the American Red Cross in Sierra Madre, according to an announcement by Chairman Mrs. H. Randolph Wood.

At the same time, Mrs. Wood announced that the chapter will replace four first aid kits for the Sierra Madre Search and Rescue Team. The chapter furnished these kits originally and will now replace them.

Feet-Tapping Melodies By Band, Water Ballet To Mark Third Annual Aqua Fair

Sierra Madre Swimmers will have an opportunity to display their showmanship in the water, Friday night, Aug. 25, at 8 o'clock when, accompanied by melodious feet-tapping tunes, played by the Community Concert Band, they will take part in the third annual Aqua Fair to be staged in Sierra Vista Park Pool.

Sponsored by the Sierra Madre Recreation Department, the Aqua Fair will be in charge of its Recreation Director.

Last year's Show drew more than 2,000 Sierra Madreans and visitors from nearby cities to Sierra Vista Park. This year's performance will be highlighted by five numbers from Tchakovsky's "Nutcracker Suite," in synchronized swimming, these directed by Swim Instructor Annie Aguilar.

Other events include Diving and Swimming demonstration by the city's successful Swim Team, races, and a number of other water events.

THE SIERRA MADRE Community Concert Band, directed by Conductor Ross Davis, has been making a favorable impression this Summer through its concerts in Memorial Park. They will play selections from various Broadway hit plays.

Sign-ups are now being taken for some of the races

Three Advisors To Direct Public Schools This Year

There will be no superintendent when Sierra Madre's Elementary Schools open for the year in September under direction of the Pasadena School District as approved by the voters last October.

The schools will come under the overall direction of Dr. Robert E. Jenkins, Pasadena Schools superintendent, and three advisory assistant superintendents.

Help in instruction will be guided by Dr. E. H. Floyd, assistant superintendent for instruction.

PHYSICAL OPERATION of

Sierra Madre and Sierra Mesa Schools will be directed by Miss Grace McFarland, assistant superintendent for elementary schools.

Business affairs will be handled by Dr. Edgar C. Egely, assistant superintendent for business.

In all there are now 23 elementary schools in the Pasadena District, plus five junior highs, two senior highs and Pasadena City College.

It is expected that Miss Betty Newton and Ed Hawkins will remain as principals of Sierra Madre's two schools.

Council Hits At Perils Of Communism

In a short session marked principally by the August doldrums, City Council Tuesday night hurled a blow at Communism and at the same time discussed Civil Defense, especially in relation to possible bomb shelters.

Mayor W. Webster Vanlier signed a proclamation designating Aug. 28-Sept. 1 as Anti-Communism Week. This was at the behest of the Southern California School of Anti-Communism which plans sessions in the Los Angeles Sports Arena. A member of the Sierra Madre Council will attend.

Councilman Severin L. Soresen remarked that "we should do everything possible to alert the people to the evils of Communism."

COUNCILMAN RALPH R. RULE, named to canvass the possibility of bomb shelters, described the two methods, public and private.

Councilman Rule gave the newspaper credit for bringing this question to a focal point. He described the present-day bomb or missile which carries the destructive power equivalent to 20 million tons of TNT, adding that about the only possible protection is a shelter with four feet of dirt atop heavy concrete walls.

The councilman cited the lackadaisical attitude prevalent toward this problem in most communities by reporting that in between 70 and 80 cities in Los Angeles County nothing definite has been done toward installing shelters.

Use of storm sewers as shelters was deemed inasmuch as they present the dangers from flooding and drowning.

Councilman Rule was directed to continue his studies and to report again at next Council meeting.

A communication from the City of El Segundo urging adoption of a law prohibiting any person who subscribes to Communism

More Animals Are Invading Hillside Areas

Is there any meaning in the fact that the extraordinary dry season is driving animals and snakes closer to man's habitats?

This is a question professional and home-garden variety psychologists are asking themselves as report after report filters in of wolves, deer, coyotes, snakes of all sorts, including the deadly rattlers, are more and more invading hillside premises in quest for food and water.

Latest noticed are a group of coyotes marauding about 15 W. Mira Monte during the nights. Deer are not uncommon these days and a wolf or so have been sighted, according to reports reaching police.

Rescue Team Aids Boy, 13

Capt. Fred La Lone, Lt. Ed. La Lone, Larry Lomax, Frank Vanwickle and John Clark of the Sierra Madre Search and Rescue Team, and Chris Christiansen, helped helicopter a youth out of the woods back of Sturtevant Camp Sunday.

The boy was Bruce Hanford, 13, of Lynwood, who had become lost while traversing the mountains with his companions. He was uninjured.

Lomax and Vanwickle flew with the copter which took the boy out of the woods. The operation took two hours.

Egg Splatters On Porch Screen At Warfel Home

City Clerk L. Marie Warfel and her husband, Donald C. Warfel like their eggs at the breakfast table at their home at 319 N. Sunnyside where they and their children reside.

They don't relish them thrown against the porch screen, as was the case the other night.

At the same time, the marauders dumped ketchup and strawberry jam on the automobile of a neighbor. Eggs, ketchup and jam could be put to better use right on a kitchen table. Police are investigating.

FIGUREHEAD

Most husbands have a voice in domestic affairs—it comes under the heading of a minority report.

Residents Reminded Forest Trails Are Closed During Critical Fire Season

Due to the extreme fire danger existing during this hot, dry weather, Fire Marshal Bert Embree again reminds residents that the brush-covered foothills, and trails traversing through them, are closed to the public.

The U. S. Forest Service reminds us that most of the trails in the Angeles Forest are closed during this critical period. Locally, this

means the old Sturtevant Trail leading from the Chantry Flats Rd., the Mount Wilson Trail, and trails leading from above the Hastings Ranch area.

IN ACCORDANCE with city ordinance, the brush areas and trail within the city limits are well posted with obviously large signs so that there should be no question as to whether an

area is closed or not.

Generally speaking, all the brush-covered lands above the city are closed. Police Chief Gordon G. McMillan has instructed his officers to apprehend any persons entering the closed areas, in an all-out effort to avert any possible recurrence of the mountain fire disaster witnessed in 1953.

In another announcement, Fire Chief Charles E. Brown

and Marshal Embree, have indicated that the citizens of Sierra Madre will soon receive another service for their tax dollar from the Fire Department.

THE FIRE PREVENTION BUREAU is initiating home fire inspections in an effort to point out to occupants any existing fire hazards around the house or yard. This program has met with

significant success in neighboring cities, and essentially has reduced the number of firecalls in residential areas. Eventually it will also help to reduce the fire insurance rates for the city.

It must be understood that this is not a "police action," but that the fire inspector has to be invited into the home, at your request, when he arrives at your door. He will not be there to try to

"catch" you on violations, but to point out to you any hazards that may exist, and suggest ways to remedy them.

The inspectors primary interest will be to help you save your property . . . and possibly a life . . . from a disastrous fire. More about this program will be published in ensuing news articles.

UC Battles State Unit's Budget Cut

By Edwin Cares

SACRAMENTO — (CNS)—Although the State Department of Finance has worked out a new system, inaugurated last year for the 1961-62 State budget, designed to keep State operation costs from rising to unprecedented heights, it does not appear to be receiving much co-operation from the University of California.

Prior to forming of the 1961-62 budget, officials of the Department of Finance reported the University was unhappy with the tentative allotments given it. And now prior to the making of the 1962-63 fiscal year budget, the University regents once again have expressed dissatisfaction with the suggestions of the Department of Finance.

The department's new system was originated by former director John E. Carr, and is being followed by Carr's successor, Hale Champion. Briefly, the Department of Finance estimates additional funds all departments, including the University of California, will need for the forthcoming fiscal year on the basis of the current year's budget, growth of the State, estimated increases in service of the department, and revenues available without new or increased taxes.

UNDER THIS SYSTEM, Finance notified the University of California that it would expect the University to hold its increases to approximately \$7.5 million for the next fiscal year.

The Board of Regents, however, wants in the neighborhood of \$20 million. Upshot of the argument is that the Department of Finance doesn't think the University, which handles its own financial affairs except for the amount of legislative appropriation, needs that much money to meet the needs for the next fiscal year.

The University has authority in the State Constitution for handling its own financial affairs. It is a public trust, and the Board of Regents is a corporation empowered, up to certain limits, to handle its own funds.

The Legislature has power only to insure compliance with the terms of endowments of the University, and to the security of its funds.

But it also has the power to decide how much money the University will receive from the general funds of the State, and this is the center of the argument. The Legislature can appropriate as little or as much money as it desires for operations. After appropriation, it has little if anything to say how the money is spent.

THE UNIVERSITY also has another advantage outlined in the Constitution. Along with the public school system, the funds appropriated to it are subject to first call should the general fund be short. In other words, the schools and University get their money before any other State department or activity should a deficit occur in the general fund.

Undoubtedly, the current argument over money will be hashed out several times before a final budget for 1962-63 is ready for submission to the Legislature.

It is a fairly reasonable assumption that the University will not get all the money it asks in a recommendation by Finance, which takes a dim view of spending more money than is necessary to keep the State going.

Mrs. Edwin LeRoy Ower
(Joanne Gertrude McAuley)

Joan Gertrude McAuley, Edwin LeRoy Ower Wed in Bethany Church Ceremony

Bethany Church was the scene July 9 of a splendidly accented wedding ceremony, with Joan Gertrude McAuley of 5220 Barela, Temple City, and Edwin LeRoy Ower of 81 N. Auburn, Sierra Madre, as the participants. Dr. Robert N. Schaper, Bethany pastor, officiated at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Don McAuley of the Temple City address, and the bridegroom the son of Mr. and Mrs. Ivan Ower at the Sierra Madre address. He is also a widely-known Sierra Madre businessman.

The bride wore an original design made by Marlene of San Gabriel. It was of chintilly lace over satin, fashioned with a long chapel train, scalloped scoop neckline, long pointed sleeves and queen fitted basque waist. The bouffant skirt featured tiers of ruffles with a large satin bow, creating back interest, and her bodice was enriched with iridescent sequins. Her silk illusion veil was held by a queen's crown of aurora crystal.

THE BRIDE carried stephanotis with a white orchid center on a white Bible.

The maid of honor, Judith Read of Salem, Ore., long-time friend of the bride, wore an original design of the bride and made by Marlene. It was mint green organza over mint green taffeta with back interest of a satin inset with large satin bow. Her satin shoes were dyed to match. Miss Mead carried coral carnations with stephanotis and white ribbons.

The bridesmaids, Linda Fitzgerald, Susan Serres and Suzanne Longstreet, all of Temple City, were attired the same as the maid of honor. Ringbearer was Arthur Ower, brother of the bridegroom. Flower girl was Peggy Ower, cousin of the bridegroom, who wore coral silk over coral taffeta, featuring bouffant skirt, satin cummerbund and a large satin bow. She carried a white basket with coral carnations.

The mother of the bride wore yellow chiffon over yellow taffeta and carried white and pink cymbidiums. Mother of the bridegroom wore beige lace over green taffeta and carried beige and brown-tone cymbidiums.

THE BEST MAN was Richard Ower of Sierra Madre, brother of the bridegroom. Ushers were Michael Childers of La Habra, and Dave Hartman, Gary Westover and Ronald Guyer, all of Pasadena.

The organist was Mrs. Marilyn Richter and the soloist, Mrs. Margaret Schaper, sang "Because" and "The Lord's Prayer."

Decorations for the complete candlelight service were coral and white glads and gardenias.

MORE THAN 300 attended the reception in the church patio which was decorated with coral and white glads bouquets, with gardenias and coral glads about the cake. There was green punch

Edwin L. Rose's Japanese Gardens in Sierra Madre Open Sunday to Ikebanas

The locked gates of three famous California landmarks, including the historic garden of Mr. and Mrs. Edwin L. Rose at 397 N. Lima, Sierra Madre, will be opened next Sunday to members of the Los Angeles Chapter of Ikebana International.

This will signalize their standing Japanese gardens and the first Sunday of Nisei Week.

According to Murial L. Merrell, president of the flower arranging enthusiasts who enjoy the other arts of Japan as well as their own, each of the gardens is in the Sierra Madre-Pasadena area. In all, five gardens will be visited.

The garden of Mr. and Mrs. Rose, originally part of the "Mia Italia" estate of the late Thomasina Graham, was designed in 1913 by the venerable Landscape Architect Kato of the Staff of the Imperial Palace in Tokyo.

THE GARDEN, patterned after those popular in the Edo period of culture, embraces six lily pools, three waterfalls, "caves and mountains," as well as "Turtle," "Rabbit" and "Frog" rocks. It is believed to be the oldest Japanese garden in the area, and is maintained by Tetsuo Saeki of San Gabriel.

The tour will officially begin at noon at the home of Mr. and Mrs. Katsuma Mukoda of Pasadena, where Japanese refreshments will be served. Both of the Mukodas are advisors to the chapter.

First historic landmark to be opened to the chapter members will be the unbelievable Storrier-Stearns Japanese garden on Arlington Dr., Pasadena. The private garden, created by the noted landscape architect Fuji,

second annual tour of out-high-ranking member of the in Tokyo, cost nearly \$80,000 when it was built in the late 30's.

Every rock, every part of the delicate tea house, all the stone bridges and rocks, including the major portion of the plant material, was Staff of the Imperial Palace brought from Japan, on surface transport, by order of Mr. Fuji.

The beautiful gardens are presently owned by the Emanuel Poulsons, and are maintained by Mari Furuya of Pasadena.

SECOND Japanese garden to be visited will be that of Dr. and Mrs. Richard Miller at the end of Sierra Madre Villa Ave., Pasadena.

The newly completed garden, designed by Shinichi Maesaki, noted contemporary Japanese architect and author, lies just inside the gates of "Kinneloa Ranch," the 520-acre landmark purchased by Abbott Kinney, philanthropist and humanitarian, in the 1890's.

The Ranch and Abbott Kinney were both the basis for "Connorloa," written by Helen Hunt Jackson during her stay at the historic home.

Mr. Kinney founded the cities of Venice and Ocean Park.

Western refreshments will be served at the home of Mr. and Mrs. Leland H. Stiles of Altadena, mid-day in the tour. Mrs. Stiles is the first vice president-elect of the chapter.

Sharyn D. Roundtree Wed To Richard Frances Beck

Sierra Madre's Congregational Church, at a delightfully appointed candlelight ceremony, was the scene on Aug. 5 for the wedding ceremony of Sharyn Dean Roundtree of 1359 E. Wackman Ave., West Covina, to Richard Beck of 5025 Kaufman Ave., Temple City. The ceremony was at 8 p.m.

The bride is the daughter of Mrs. Rolland S. Roundtree, former Sierra Madre resident, now of West Covina.

The bridegroom is the son of Mrs. Roy Green of Reno, Nev. Maid of honor was Carol Ogren of Sierra Madre, and the bridesmaids were Carol Colvin of Sierra Madre and Jeri Hack, Madeline Ritson, Betty Whan, Beth Anne Roundtree and Diane Munsch, all of West Covina.

THE BRIDE was given in marriage by Mrs. William

Maloney of 37 S. Sunnyside, Sierra Madre.

The flower girl was Miss Debbie Lambright of Sacramento.

Best man was William J. Franklin of Temple City, and the ushers were Charles Johnson, James Franklin Glen Waulters, Roger Kruger and Mike Reed, all of Temple City.

The bride is a graduate from Covina High School, continuing at Mt. San Antonio College, Walnut, Calif., as a language major.

The bridegroom is a graduate from Temple City High, also continuing at Mt. San Antonio College in business administration. The bride is a bookkeeper at Montebello and the bridegroom at present is a letter carrier working out of the Temple City Post Office.

ASSEMBLYMAN HONORED — A scroll honoring 48th District Assemblyman Frank Lanterman (right) for his contributions to legislation in the county's interest was presented by Supervisor Warren M. Dorn as a feature of the Board of Supervisors' recent meeting in the Hall of Administration, Los Angeles. Lanterman, of La Canada, has represented the district, including Sierra Madre, since 1950, distinguishing himself on matters involving water, education and city-county relationships.

"My business performs a service for people in times of dire need. It requires tact, patience and understanding. In that way it is not unlike the problems handled by Monrovia Mutual, in times of immediate need, and for people with foresight who plan for the future. I save at Monrovia Mutual. I feel that there my money will do the most for me."

Around the Town With Martha

By Martha Sharp
ELgin 5-0003

HAPPY POST-BIRTHDAY to Master James Penrose who celebrated his sixth birthday anniversary on Saturday afternoon, July 29, at the home of his mother and father, Mr. and Mrs. James E. Penrose of 78 E. Highland Ave.

Jimmy's friends who came to enjoy birthday cake, ice cream and lemonade were Gregory and Steven Ruiz and Bobby and Teddy Velasquez.

BILL MCLEAN is a handsome young lad who has always loved and maintained a vital interest in music. He possesses a fine bass voice, has sung with the Sierra Madre Bethany Church Choir and also sang with the A Capella Choir and Madrigal Singers at PCC.

The Madrigal group has given musical performances at the Huntington-Sheraton Hotel, the First Methodist Church of Pasadena, Grace Lutheran Church of Pasadena and Pasadena School System Music Groups. He attended PCC this last year and expects to enter Biola College at La Ramada, California, this fall.

Bill is employed at Roess Market and lives with his mother and father, Mr. and Mrs. Sam McLean in Arcadia.

MRS. MARVEL HULL of 73 1/2 Suffolk will be leaving Aug. 14 for a vacation in Boise, Idaho, where she will visit her five yes, that's right, five brothers, Wayne, Wilbur, Glenn, Robert and Wesley Dotson and all living in Boise.

MR. AND MRS. WALTER E. EATON of 233 Manzanita who have been visiting relatives in Joliet, Ill., will return to Sierra Madre on Aug. 13.

Marvel and the Eatons will take off on the following day for Carson City and Lake Tahoe to spend several days, then Marvel will take bus from Reno, Nevada, for Boise, brothers, fishing, fun and relaxing—and we'll be glad to see her back about fall time.

HELEN JEAN Hippenstiel, daughter of Mr. and Mrs. William Hippenstiel of 96 E. Alegria, on a student tour of Europe with 24 Pasadena school area students, had a visit and luncheon with Toddy Drager in Florence, Italy on Monday, Aug. 7.

Toddy, daughter of the Arthur Draegers of this city, is a student on the Stanford campus in Florence, located in the Villa San Paolo. As a selected student she has spent the last six months in Italy and will return home this fall for a reunion with her family. She'll be entering her junior year at Stanford this September.

THE ROBERT Castanedas at E. Highland have a beautiful crepe myrtle tree in full bloom in their front yard. The mother trunk spreads out with branches holding the blooms of soft pink to deep rose tones.

Mr. and Mrs. Wilson Silsby
(Diane Louise Day)

Charles Alexander Days Hosts at Poolside for Newlywed Daughter, Mate

Mr. and Mrs. Charles Alexander Day entertained 200 friends Saturday evening, July 22, at a poolside reception in their gardens at 3770 Shadow Grove Place, Hastings Ranch, honoring their daughter, Diane Louise, and her husband, Wilson Silsby. They were married in Las Vegas on June 30, with Mr. and Mrs. Palmer Poulson of Pasadena attending them.

Mrs. Silsby wore her wedding dress, a yellow sheath with a bouffant white eyelet organza overskirt and a yellow-throated white orchid corsage.

Her mother, Mrs. Day, was attired in a white linen sheath, with a moss green cummerbund embroidered in white blossoms. Her yellow rosebud corsage was designed to form a curved crescent leading to the floral embroidery.

ALSO IN THE receiving line were Charles Rodney Day, a Harvard student, and Miss Elaine Mellen of Bos-

ton, his fiancée, a June graduate from Radcliffe College and a house guest of the Days.

The decor embraced white flowers and palms, tiki torches, umbrella tables with multi-colored tablecloths ringing the terrace, spotlights playing on baskets of white flowers. There were palms about the pool which contained lilies while

toy balloons floated overhead.

THE BRIDE was graduated from UCLA in 1960, traveled in Europe that summer, and belongs to Alpha Delta Pi.

The bridegroom is a son of the late Wilson Silsby and was graduated from UCLA in 1958. He is a member of Phi Kappa Psi.

Ranch Roundup

By
Joyce Wenger
SYcamore 8-4777

WITH NEVADA CIVIL DEFENSE officials urging a border militia to prevent an invasion by hordes of Californians, come disaster, I feel I must post a letter this very day telling them not to await me at the border.

Some weeks ago I traveled across the desert while the temperature soared to 120 degrees — and my vow NEVER to do it again is stronger than fear, hysteria, or my will to live! In fact, as we drove through various desert communities, I marveled at the hardy people who would choose to live in such places.

Think I'll add a postscript to my letter advising the Nevadans I'll send them a CARE package if they'll promise not to cross our border, thereby adding to our problems of smog and freeway congestion!

CHATTED WITH ROSEMARY HENNESSY regarding St. Luke Hospital Volunteers, or as I think of them — the unsung heroines of our community.

The many extra chores they perform leave the nurses free to give more intensive patient care. Incidentally, the task all volunteers enjoy is giving mothers on the maternity floor pictures of their new born babes.

Ranch volunteers include Mmes. Percy Brown, John Horn, Bradford Kern, Glen Robinson, Eugene Lewis, Dudley Watson, Harry Patterson, Walter Schwartz, Forrest Warren, George Clark and Joseph Tampico.

Bea Tampico has volunteered more than 1000 hours of work. That is a record of service!

There are also Junior volunteers. They begin a regular course of study and service while still in high school. Juniors from the Ranch are Carol Gesswein, Daffi Morgan and Susan Walton.

MORE DIVINE SUMMER PARTIES in the news this week. You could hardly term it a lazy midsummer with all the stimulating patio, dinner, dancing, and swim parties in full swing.

Las Seguitas members and husbands had a gala luau at the Cranor Richters' lovely home in West Covina, last Saturday evening. Hawaiian music set the mood in an elegantly decorated patio and pool area where guests dined, danced and swam.

Attending from the Ranch were Messrs and Mmes. Al Fruit, Brooks Thomas, Henry Asher, Andy Fakas, Donald Clark, John Moe, William Pursley, Al Tompkins, Neil Rowley and Mrs. James Gittinger.

IT WAS A LUNCHEON-SWIM PARTY with a Las Vegas theme for Las Compenaras members yesterday at the home of Peg Christianson. Elaine Drimeyer was the party chairman. Enjoying the fun were Prexy Marge Rowley, Joyce Zuck, Pearl Judd, Jo Caffee, Sally Boyce, Ann Grube, Evelyn Shaw, Carol Benidect, Barbara Fasching, Martha Newton, Muriel Ely, Hazel Gittinger, Phyllis Wentz, Irene Delahooke, Ann McKnight, Gail Clement, Jo Niccola, June Ziegler, Cleora Wenberg, Betty Redmond, Pat Olsen and Claire Reilly.

THE JOHN CALDECOTT HOME will be the setting for the pot luck-swim party of the Cystic Fibrosis Guild Saturday night. Planning the event are Pat Edison, Belle Partch, Jean Sladen and Patty Wright. Early reservations include Messrs. and Mmes. Charles Hardison, Gene Rode, Wendell Booth, Forrest Paxson, William Ewling, C. Don Hays, Kenneth Holloway, Edward Rosic and C. Neal Rowley.

THINK YOU'VE HEARD EVERYTHING? Ann Stanway and Beverly Milligan pulled a dilly that still has the gals talking. Seems they sent out personal shower invitations, omitting one small detail; who was to be honored. When the gift laden guests arrived, they learned the party was for all of them, and proceeded to have a wonderful gift exchange.

CAN'T THINK OF A BETTER PLACE to celebrate an Aug. 2 birthday anniversary than ice skating at the Pasadena Wintergarden. And obviously that's exactly what Ellen Whited, Linda Thomas, Jan Ostrander, Gail Templer and Betsy Landman thought when they surprised Judy Carter . . . now 14!

SPEAKING OF BIRTHDAYS — the Morzovs have had them! Howard 11, and Bill 13, celebrated with a lengthy birthday marathon. Beginning in early afternoon they went bowling, swimming, enjoyed a barbecue, then off to a movie, followed by refreshments, and home at midnight! Their guests were Bob Goldman, Bob Carley, Richard Foster and Craig Kinnard, Michael Hillier, Robbie Hunt and Ricky Blair.

Next came young four-year-old Peter's party. Although confined to the Morzov residence, it too was quite a party. Guests were: Carol Goldsmith, Douglas Rowley, Jan Hjorth, David Ford, John Stanaway, and Capt. and Mrs. Cary Stephenson. The young guests were assisted by Paula Hillier and her houseguest who recently returned from France.

MU SIGMA STAGED AN "Old-Fashioned Picnic" on Sunday, Aug. 6 at 4 p.m. at the home of Mr. and Mrs. Roy Meyers, in La Crescenta, as a means of raising money.

The chairmen Mrs. John Blumer of Hastings Ranch and Mrs. Meyers sent out invitations announcing that there was to be swimming, games and dancing. This was the second of a series of International dinners put on by the ways and means chairmen and their husbands. The theme for this one was the "American" theme. The committee greeted members and their husbands and guests wearing "Old-Fashioned" bathing suits. There was a picnic supper of fried chicken, potato salad and cold watermelon.

A recent Mr. and Mrs. Pot-luck dinner was held at the home of Mr. and Mrs. Dan Potter in the garden of their Chapman Woods home. There was swimming and ping pong. Those enjoying the home-cooked dishes were Messrs. and Mmes. Ray Anderson, Fred Behrens, John Blumer, Don DeCamp, Case Hoffman, Keene Jacoby, John Livingston, Roy Meyers, Louis K. Randall, George Rogers, Otto Schoenberg, Harold Stong, Hal Wendt, Richard Gates, Jack Seller and Mrs. Alyce McCulley and Ed Fleming.

Summer Party At Smith Home

The home of Dr. and Mrs. R. Phillips Smith at 2158 Canyon Rd., in the Upper Santa Anita Highlands was the place of the annual summer party given by the Arcadia Chapter of Kappa Kappa Gamma Sorority, Saturday night, Aug. 5. Theme of the delightful party was "Stairway to the Stars," with a buffet supper served on the patio. Chairman was Mrs. William Barnes of Sierra Madre, with committee members, Mrs. John Bigley, Mrs. Kurt Gunther, Mrs. Donald Yhler, Mrs. Walter Phelps and Mrs. R. Phillips Smith.

BOZO THE CLOWN

Rousing 4-Day Carnival At Rosemead-Foothill Shop Center Will Start Today

There'll be a fine four-day carnival in the parking lot areas, Foothill-Rosemead Shopping Center, beginning today (Thursday), Aug. 10, 11, 12 and 13.

There will be rides, games and fun for both children and adults daily on Thursday, Friday and Sunday from 1 p.m. to 10 p.m., and on Saturday from 10 a.m. to 10 p.m.

Saturday is the SPECIAL DAY when "BOZO" the clown will appear at 1 p.m. and put on a show for the children, with prizes as a bonus.

All merchants will participate and half price ride coupons may be obtained at any office or store in the Foothill-Rosemead Shopping Center.

IT ISN'T TOO LATE to enter the BACK-TO-SCHOOL ART FESTIVAL being held in the Foothill-Rosemead Shopping Center.

Boys and girls of age five through 18 are invited to enter the contest, which closes Aug. 22. Prizes will be given for each group that includes water colors, charcoal, crayon, pencil, oil, and any entrant may sign up at any office or store in the Foothill-Rosemead Shopping Center.

It seems difficult to write about anything in a light vein with the world situation like a virtual time bomb, ready to blow up at almost any point you might turn.

I feel the country is fortunate in one respect, I'm not the President. I find myself wanting to get in with all fists flying to avenge the acts of war what we have already swallowed.

I realize this is not the diplomatic and intelligent way to approach any serious situation, but appeasement has never been quite my dish of tea.

I like my way of life. I like being able to worship in the church of my choice, see the people I want and serve the food my family enjoys.

I don't want to be told what I must and must not do, with the fear that someone might report me if I don't do it.

Yet, the very chains are rattling just outside our borders and clanking from within. We'd all be fools not to recognize the threat to our nation and realize that we may all have to defend our rights to freedom.

THE ROBERT W. OLINS of Wynn Rd., are at home

again after a wonderful cruise. They went with Mr. and Mrs. Richard Goldman of the Riviera, on the S.S. Oriana for an 11-day cruise that took them to Acapulco, then through the Panama Canal to Kingston in Jamaica, and on to Bermuda. Before returning home they visited relatives in Massachusetts and Akron, Ohio.

On their return they had a birthday anniversary party for their daughter Vickie, who celebrated her 11th anniversary. Her guests were Dee Paquette, Janice Koch, Lorraine Schuster, Debbie Gollatz, Claudia Tucker, Lorie Farmer and Christina Galbraith.

SPEAKING OF BIRTHDAYS, Rita Rogers, daughter of Mr. and Mrs. B. A. Rogers celebrated hers with an evening barbecue. Her guests were Janice Klingerman, Laurel Horn and Judy Solomon. They were also joined by Rita's grandparents, Dr. and Mrs. Ralph Rogers and Mrs. Madeline Schmitt, and her aunt, Miss Ann Schmitt.

THE ROBERT W. ANDERSONS of Fairpoint are back home again after a 17-day vacation that took them to

Mt. Lassen, just below Mt. Shasta. They enjoyed several tours from their home base which included a trip to the underground caves.

MR. AND MRS. HOWARD MORRIDGE of Meyerloa Lane entertained a group of their friends at an authentic Mexican party last week end. All through the evening strolling troubadours played native music to the delight of all the guests. The party included Mr. and Mrs. C. Day Woodford, Mr. and Mrs. Russell Taylor, from Lafayette, Calif.; Mr. and Mrs. Robert Klein, Mr. and Mrs. D. O. Smith, Mr. and Mrs. Leroy randson, Mr. and Mrs. A. A. Richards, Mr. and Mrs. D. W. McNeil, Dr. and Mrs. Edwin McLoughlin, Mr. and Mrs. Taylor Test, Mr. and Mrs. Mathew Slavin, Dr. and Mrs. R. L. Mueller and Mr. and Mrs. James Smith.

A GROUP of nice young people got together at the home of Mr. and Mrs. C. Tom Crawford of Sierra Madre Villa. The group is the Hi-Timers of the Horizon Club. These are Senior Camp Fire Girls, dedicated to rehabilitating handicapped children. They are presently working on their program at Roosevelt School. Their party was a luau and swimming party.

Those able to attend were Candy Crawford, one of the many hostesses. (The girls furnished all of the party themselves); Kathy Chapler, Candy Lekas, Carol Hansen, Susy Sabin, Barbara Shanks, Kathy Orswell, Jeanie Jennings, Susie Hurtig, Bonnie Bradshaw and Caroline Winters. The boys were Randy Cannon, Tom Allen, George Scott, Mike Farrell, Gary Newman, Dave Serrurier, Roger Shanks, Pat Taylor, Larry Vick and Roger Stevens. In addition to the Crawford they were chaperoned by Mr. and Mrs. Phil Farrell and Mr. and Mrs. Norman Shanks.

MRS. A. J. HUBER of Old House Rd. is back home again with her five children. They have spent the past five weeks visiting with Mrs. Huber's mother and sisters and brothers in Edgeley, North Dakota. They all had a wonderful time learning the technique of running a large productive Midwestern farm.

MR. AND MRS. RICHARD DAVIDSON of Meyerloa Lane were hosts to a large group of Delta Sigma Phi alumni and their wives from the University of California at Santa Barbara. The group included about 35 couples in all. They arrived about 4 in the afternoon for swimming and a barbecue, and then more swimming again. I imagine that old hill was just humming with school spirit with all those grads about.

MR. AND MRS. HENRY HITT CRANE JR., formerly of Old House Rd., have moved this past week. Their new address will be 140 West Foothill, Claremont, Calif. There is little need to say that they will be sorely missed here on this street.

It Can Prove Deadly . . .

Medical Protection Against Tetanus Is Urged Upon All

By Roy O. Gilbert, M.D.
Los Angeles County Health Officer

Between 1955 and 1959, some 187 cases of tetanus were reported in the state of California. Of this number, 89—or 47.6 per cent—died. Although the frightening severity of the disease hasn't changed in the more than 2,000 years since it was first described, the majority of people in this country fail to obtain the medical protection that is now available against it.

Although tetanus is not a disorder of frequent occurrence, five cases have already been reported in Los Angeles County since the first of the year; one case was fatal, in another the course is as yet undetermined.

Tetanus is caused by the toxin produced by the tetanus bacilli which enter the body through a break in the skin. The wound need not be extensive. The disease has often resulted from such insignificant injuries as a cut, burn or scratch, or, more usually, from a puncture wound such as may be made by a nail, thorn or splinter, especially when contaminated with dirt. Every non-immunized person is susceptible to the disease.

THE INCUBATION period of tetanus, which is the time that elapses between the actual infection and first signs of illness, may vary from two days to several months, but is usually from four days to three weeks. Shorter the incubation period, the less are the chances of recovery.

Stiffness and aching of the muscles of the neck, jaw and face, and difficulty in opening the mouth and swallowing are among the first characteristic signs of

the disorder. Spasms of the jaw muscles, causing them to close rigidly, has given

TRAVELOGUE FILM ON FRIDAY NIGHT

Larry O'Brien of the Golden State Travel Bureau and reservation office invites everyone interested to come and see the travelogue film on South America, to be shown tomorrow night (Friday) at 8:15 p.m. in the parking lot of the Foothill-Rosemead Shopping Center.

There's no charge; there'll be chairs for everyone; no standing if you don't want to, and the film is in color. You'll also be able to join in some of the fun at the four-day carnival and circus being held in the Center.

Work Starts On Newest Apartment

It was announced today that ground has been broken for "La Parisienne," the new two and one-half story apartment house being erected at 660 W. Sierra Madre Blvd. by Sierra Madre Associates.

Completion is scheduled for late October. Leasing information may be obtained from the corporation's phone EL 5-9055.

Ronald D. Margolin, president of Apartment Corporation of America, Inc., builders of the project, says that some of the features of the building will include a number of one, two and three bedroom suites, refrigerated air-conditioning and gas heating units.

OUTSIDE FACILITIES will include an over-sized heating pool and piped-in music, inside and outside sun decks, barbecues, shuffle board and a play area for children.

"The idea is to provide the prospective tenant with a home-style of living," says Mr. Margolin, "one in which the tenant need not feel cramped for livable or walking space, yet without having to worry about maintenance of a home."

In order to enter the building, one must first cross over an arched concrete bridge raised above the ground level along side of which will be an elevated fountain spouting water into a pond beneath, filled with goldfish and water lilies.

PARKING will be provided for 25 automobiles in a semi-subterranean fashion.

Officers of the corporation are Edward Margolin, chairman; Ronald D. Margolin, president; Ronald E. Melrose, vice president and treasurer; Harry V. Gurevitz, vice president and secretary; and James J. Stewart, executive vice president and general counsel.

Deadly Tetanus

the disease the common name of "lockjaw."

Muscular contractions, and rigidity in some instances, may gradually involve the entire body. If treatment is successful, improvement is generally noted in the second week of illness but complete recovery may be a matter of months.

Spores of the tetanus bacilli are found almost everywhere in the environment, and are generally present in the soil and in street and house dirt or dust. They have also been found on vegetables and on fruit that has been picked up from the ground.

The organisms are perfectly harmless if eaten, however. It is only when they are sealed off from air, as in a wound, that they grow and produce the toxin that is so injurious to man.

DOMESTIC farm animals, particularly horses and cows, are the principal reservoirs of the infection and this, to a large extent, accounts for the widespread distribution of the organisms in the soil. Therefore, many urban areas of Los Angeles County, which were formerly farms or pastures, present more of a hazard to the individual than do city areas, long been industrialized and settled.

Immunization with tetanus toxoid affords protection against the disease. After the initial two doses given a month apart and a reinforcing (booster) dose at the end of a year, immunity against the disease may be maintained with inoculations of the toxoid every four or five years and in the event of injury.

Allergy to the toxoid is rare, and its administration carries little risk. Unfortunately, the protection it provides does not become effective for about four to six weeks after first the inoculation.

In those cases of emergency where previous tetanus protection has not been obtained or when the information cannot be elicited from the individual, tetanus antitoxin is given. This substance is prepared from horse serum and protection it affords is swift, even though of short duration. In the opinion of medical authorities, its use is undesirable because of the frequency of serum reactions which are sometimes fatal.

A pamphlet on tetanus will be mailed to anyone who sends a card to the Division of Health Education, Los Angeles County Health Dept., 241 N. Figueroa St., Los Angeles 12.

Garden Club Plans picnic

The Sierra Madre Garden Club will stage their annual picnic Saturday, Aug. 12, at Decanso Park, at 6:30 p.m.

Members are urged to attend and to bring a friend. The tram ride provided by Descanso Gardens will be one attraction and later in the evening the garden officials will put on a program.

Juries sometimes fail to convict on circumstantial evidence, but the neighbors never do.

SEE how many more low prices A&P offers! SAVE on scores of items in all departments every day!

"He that ruleth over men must be just, ruling in the fear of God. And he shall be as the light of the morning... as the tender grass springing out of the earth by clear shining after rain."—Last Words of King David. Old Testament.

"The flames kindled on the 9th of July 1776, have spread over to much of the globe to be extinguished by the feeble engines of despotism; on the contrary, they will consume these engines and all who work them."—Jefferson's "Testament of Freedom."

Help Deserved By C. of C.

Sometimes a governmental body can be penny wise and pound foolish.

This newspaper has steadfastly advocated and encouraged economy and thrift in Sierra Madre's government. Ever before the City Council was brought face to face with blunt truth that it should set its municipal house to order and begin to retrench, the SIERRA MADRE NEWS indicated that a period of relative austerity was necessary.

That the city fathers realized this and immediately shed their respective coats and went to work with a sharp axe on the prospective budget is something which must elicit praise.

That they did such a good job of it that the tax rate is not being hiked and will remain at the former figure of \$1.532 per \$1,000 valuation is further cause for the city dads receiving pats on the back.

BUT THERE is one item which they passed by—erroneously, we believe.

This is much-needed help for the Sierra Madre Chamber of Commerce.

We have not always been in accord with many businessmen in this city, and chances are we will continue not to be so.

We do not believe that some of them give a tinker's dam whether or not they have a newspaper in this city, one willing to battle for what it thinks is right, one going all-out for America against Communism, one fighting for what it considers is the best interests of the people of this community and also for the merchants themselves.

Aside from the two markets within the city, the real estate men and five regular merchants advertisers, this newspaper has received very little support from the merchants of this city—at no time more than two and one-half columns on the average, and this is not enough even to begin to meet our payroll.

For the good advertisers who have supported us we give devoted thanks—they know full well that we appreciate what they have done for us. But it must be said that in order to exist we have had to go outside the city for sufficient advertising support to meet our payrolls and expenses. Fortunately, we have been able to do so.

REGARDLESS of this, however, the Sierra Madre Chamber of Commerce, as a whole, is doing a good job—has been doing so. It is not responsible, as a body, for the lack of advertising in this newspaper. In more ways than one, it is a pillar of strength to this city and as such it is worthy of every consideration by City Council.

The Chamber, as is the case with many such organizations, has arrived at the point where it needs some financial assistance. It has asked City Council for a relatively small appropriation—in the neighborhood of \$1,000—and, it has been turned down.

We do not believe that this is right, nor advisable. We do believe that City Council should find some means, compatible with its budget, even to further paring of its Parks and Recreation or Library budgets, or even both, to obtain this money for the Chamber of Commerce.

Glendora City Council recently voted \$8,000 to aid its Chamber of Commerce.

AGAIN BLUNTLY, if City Council can vote City Administrator Lawrence C. Bevington a \$600 a year raise, following a similar amount the year previous, it surely can find some means of assisting our Chamber of Commerce.

Gateways to Free Choice

There is a question, imperative indeed, whether the American people, in their mass-living inertia and self-created inefficiency, have erroneously turned away from the productive self-sufficiency that has, through the decades, been the hallmark of our record-breaking greatness and which brought us the admiration of the world for our freedom of enterprise.

Instead of continuing this, have we deludedly embraced "Pie in the Sky" Socialism or "Let the Government Do It" doctrine, already beginning to shatter the back of our once moral and industrial greatness, and through a now "Galloping Socialism" making us easy prey of an atheistic Communism?

These are questions of mandatory seriousness not only for our sober thinking but also for our immediate action and a realization that unless we get back on the Highway of Individual Freedom the grandest exposition of freedom in mankind's history will go down the Red drain being dug for us by the Men of Moscow.

THIS BASIC WEAKNESS is prevalent today in most every facet of American life—a dependence on government to do everything for us instead of independently doing for ourselves.

Indeed, we have thousands who are making a mockery of Social Security or Unemployment Insurance, depending upon these agencies for their living rather than working for it. In addition, we have still others who are taking their Social Security and going to foreign lands where living costs are undeniably cheaper and to subsist there on the money paid them by the American taxpayer, the meanwhile contributing nothing to the land which has been their boon.

This Socialism is galloping upon us so fast that already every American business is partially Socialized, each to the extent that it must hire people to collect taxes for government instead of spending this money to improve production and create more jobs.

NO LONGER are industry and thrift enough for one to advance economically within the framework of our changing society. The bond created by excessive income taxes, which prevent accumulation of funds for further expansion of industry, opening of new businesses, and for

Watch on the Potomac . . .

The Rift Between Moscow and Peking

By Robert G. Spivack
WASHINGTON
DISCORD ON THE PARTY LINE—How deep is the rift between the Soviet Union and Red China? The information that trickles back here indicates that it is quite deep and likely to grow deeper.

But you would not know that from the public pronouncements of our officials. Right now there seems to be an understanding that the American public must be protected from information of this sort on the highly dubious grounds that it would confuse us when the government is taking a hard-line vis-a-vis the Soviet Union.

The Berlin crisis is steaming up. Washington officialdom does not want us to think of Khrushchev as a "moderate" Communist and Mao as a "wild" Communist. We are simply to think of them as monolithic Communists, period.

Consequently the press is not being spoon-fed information about what is going on in the Communist camp. The correspondents are hardly being told anything that could accurately be classified as informative; this is not altogether for lack of information.

There is an official line: that our foreign policy cannot be based on the assumption that China and Russia will soon be at each other's throat. Another way it is put to foreign affairs writers: Don't raise false hopes.

NO INTELLIGENT student of the Communist world believes that it is on the verge of imminent col-

lapse, or anywhere near it. After all, there have been rifts in the Western Alliance, too.

But it is just unwise to wear blinders in assessing the situation in the enemy camp as it is to underestimate the enemy's strength.

NATURE OF THE CONFLICT—If we were discussing ordinary men, with normal behavior patterns, it would not be too difficult to visualize the origins of the difficulties between Peking and Moscow. But the Communists delight in fuzzing things up with layers and layers of ideological argument.

So instead of saying that here is a clash of two strong wills, Khrushchev's and Mao's, or two proud, vast and populous nations trying to establish their identity, we encounter all the usual Communist gobbledeygook about doctrinal deviations.

This double-talk and double-think is hard for most people, lacking adequate background, easily to understand. But there is a historical record to which we can turn. The editors of "The China Quarterly," published in London, have just compiled it. It is documented and authoritative.

Leaving aside the feelings of normal human beings, such as jealousy, pride, and ambition, they date the opening of the conflict to that speech Khrushchev delivered to the 20th Congress of the Soviet Communist Party. This was on the Feb. 14, 1956. The repercussions are still being felt.

It was the speech in which

he downgraded Stalin. In the process he made every other Communist leader, especially those in China and elsewhere outside the Soviet Union, look awfully foolish in their uncritical adulation of the old Soviet tyrant.

THE DISPUTE apparently reached a bitter stage in April, 1960, when "Red Flag," theoretical journal of the Chinese Communists, published an article entitled "Long Live Leninism." There are many points of criticism directed against Khrushchev and even more ardently against Tito, the comrade who strayed. But the one that seems most significant as it affects the Cold War is flat rejection of the idea of "coexistence."

The Chinese Communists simply do not accept the notion that because both blocs have nuclear weapons and rockets, a modus vivendi must be worked out. They minimize modern weapons as mere details of technology.

The Red Chinese fall back on the argument that if World War III were launched only the "Imperialists" would be destroyed and "the result will certainly not be the annihilation of mankind." In other words, even if half of China were destroyed there would still be many people left.

This is a brand of fanaticism that won't go away just because we pretend it does not exist. Self-preservation necessitates our keeping a close watch on how Mr. K tries to handle it, too.

News From Sacramento . . .

Mosk Crime Report Bares Serious Facts

By Henry C. MacArthur
(Capitol News Service—Special to the Sierra Madre News)

SACRAMENTO—While it is difficult to draw conclusions from lengthy and involved sets of figures developed by statistical bureaus, there are at least some interesting observations that can be made from the report of Atty. Gen. Stanley Mosk on crime in 1960, as it occurred in California.

The report says the total of felonies in seven major categories amounted to 251,495, which was an overall increase of 15 per cent over the previous year.

"Based on our growing population," the attorney general says, "the statistics disclose 1,585.7 actual crimes to each segment of 100,000 population."

HOWEVER, out of the 251,495 felony reports received by the authorities (disregarding unfounded reports), there were 98,821 adult felony arrests made.

And out of the felony arrests made, 28,142 were released; 6,500 sent to other jurisdictions; 21,352 reduced to misdemeanor charges,

and 42,827 felony complaints were filed with the courts.

Another section of the report indicates Superior Courts had 30,332 filings, a decrease of nearly 12,000 from the section on felony arrests.

Still another table shows the disposition of felony defendants in Superior Courts. There were 28,922 of these during 1960, and the report shows a total of 24,816 convictions, which is an amazingly high percentage (86.3), and an indication that cases aren't going to court unless proper preparations and sufficient evidence is on hand.

On the other hand, out of the 24,816 convictions, there to obtain convictions, were 18,619 pleas of guilty, and only 1,590 convicted by jury trial.

THE 24,816 convictions, however, stacked up against the 251,495 felonies committed in seven major categories, doesn't look so good. It means that in less than ten per cent of the total crimes committed are the perpetrators apprehended and brought to justice.

This might appear to be

far more important than the fact that overall crime has increased 15 per cent in California, as it conceivably might lead to the impression that California is a "soft" state in which to commit a crime, with recorded chances of one in ten of being required to face punishment for felonies committed.

The attorney general's figures do not stress this point; in fact, the report doesn't even mention the matter. The point must be made through comparison of the various charts and statistical blocks printed in the document.

THE REPORT also indicates the chances of getting caught are about one in three, or slightly less, as far as the major felony crimes are concerned.

The report says increases in crime were experienced in some measure in all areas of the state, with the Sacramento Valley counties showing the largest percentage changes in ten counties, being up 31 per cent in crimes reported and 37 per cent in felony complaints filed.

OUT OF THE COBWEBS

52 YEARS AGO THIS WEEK, Aug. 13, 1909—The Church of the Ascension was the scene of a pretty wedding last Saturday morning when Miss Hallie Moran of Los Angeles became the wife of Dr. A. B. Shaw of Sierra Madre Villa. The ceremony was performed by Rev. A. C. Stilson of Los Angeles. Charles Hall Perry presided at the organ.

Miss Elsie Mitchell is in charge of the operating room at the telephone office while Miss Lillian Benning enjoys her vacation.

Jack Stevenson is in charge of a party of boys on a two-weeks' hunting and fishing trip to the Lone Pine neighborhood.

Cashier H. G. Flint is enjoying a two weeks' vacation from his bank duties. He is spending the time with his family at Bay City.

20 YEARS AGO THIS WEEK, Aug. 14, 1941—Definite steps to acquire a new library building for Sierra Madre were taken this week when the Library Board, in a letter to the City Council, asked for a substantial appropriation from the city to open the campaign for a new building. On the motion of Councilman Schwartz the request was referred to the committee of the whole. Two years ago preliminary work for the new building was begun. Plans were drawn and public subscription started. However, the campaign lagged for several months but the recent action of the Library Board once again brings the matter to the attention of the city.

Mr. and Mrs. Kenneth M. Bush of 220 N. Sunnyside Ave. attended the Wednesday performance of "Hellzapoppin'" at the Biltmore Theater in Los Angeles.

11 YEARS AGO THIS WEEK, Aug. 10, 1950—Herbert J. Morrison of 624 Ramona was appointed to the Sierra Madre Library Board Tuesday night by action of the City Council. Mr. Morrison, a resident of Sierra Madre since 1949, will serve a full term of three years. He is in the real estate and loan business and is vice president of the West Coast

Behind The Scenes In Business

NEW YORK—The corner apothecary shop, that once sold only drugs but which in recent years has become a combination variety store is still much in the national economic picture.

The drug stores of the nation last year raised their sales by 6.4 per cent to about \$7.7 billion, and the average drug store chalked up \$8,561 more in business in 1960 than the previous year, according to Drug Topics.

The industry publication noted that the small independent operator still was predominant in the industry, both in numbers and in combined volume.

Despite the variety of items carried in most drug stores these days, prescriptions accounted for 28.21 per cent of the overall sales. Dietary preparations of the measured-calorie type showed a sharp gain.

Other items which showed increases were cosmetics, aerosol shaving cream, razor blades, aspirin and camera film.

The familiar soda fountain and luncheon counter, however, is on the decline in the smaller drug stores, having given away to space for other merchandise.

TV SPONSOR—In the midst of a barrage of adverse criticism leveled at the current content of television programs, sponsor of one series which has been singularly honored this season, analyzed TV's troubles as "a general reluctance to really try hard."

J. C. Hall, president of Hallmark Cards, which sponsors the Hall of Fame drama series, winner of most of the TV Academy "Emmy" awards for its "Macbeth" production, maintains that good television is also good business, and cited the substantial growth of his own company during the period it has aired only distinguished dramatic productions, including six Shakespearean plays.

Too many people involved with television "take the easy way out" and accept the "first superficial conclusion" after glancing over the ratings and the sales figures, said Mr. Hall. For his own contribution to the medium, Hall last month received the only "Emmy" statuette ever voted to a sponsor.

THINGS TO COME—A new bowling ball which can be picked up like a suitcase without the necessity of inserting your fingers in the holes normally provided has been developed by a Chicago firm. In use, the bowler picks the spring-loaded handle out of its recess and holds the ball just like a handbag. The handle snaps back into its recess before the ball reaches the alley. The cigar store Indian is still not dead, and if you're in the market for one, you can now get a realistic, authentic reproduction in hand-colored and finished molded composition. You can select an Indian chief, 62 inches tall, or a princess, 58 inches tall.

A portable rostrum for speechmakers is offered by a Chicago firm; it fits into a case (total weight: 30 pounds) and includes a bat-

Bond and Mortgage Company.

Mrs. Gordon Mackenzie and son, John Alexander, accompanied by Mrs. Mackenzie's mother, Mrs. Elizabeth Armstrong, of 885 E. Grand View, are vacationing this month at Seal Beach.

Mr. and Mrs. Paul L. Sandys of 741 Brookside Lane became parents of a son, Aug. 1, at the Huntington Hospital.

5 YEARS AGO THIS WEEK, Aug. 11, 1955—The downtown of Sierra Madre closed its doors for 30 minutes Tuesday morning from 10 to 10:30 o'clock. The place was almost deserted. A block or two further west, however, parked cars jammed the curbs in all directions around the Congregational Church because of the townsfolk who were attending funeral services for Andrew Emery Liscomb. Few people, of course, have ever known him by that name. To most he had only one name, that of Andy. He was "The Andy" of Sierra Madre, the man who still had the accent of Way Down Maine even though he had lived here for 34 years. He was 57. Andy had the Union Oil Service Station at Baldwin and Sierra Madre Blvd. He died while playing golf on the Brookside course in Pasadena with Fred Krumpke and Ed Keating of Sierra Madre.

tery-operated microphone and loudspeaker system.

RETAIL SALES CLIMB—Retail sales in the U.S.A. climbed last month to almost \$18.3 billion following a seasonal adjustment. It was the highest rise in seven months and an increase of 1 per cent from sales in May of this year.

Also, government and private economists look for a rise in the months ahead, encouraged by a rebound of personal incomes from recession lows. June retail sales were the highest since the \$18.5 billion recorded last November.

BURGLARS ENTER CHURCH—Another attempt to rob the Congregational Church was reported by police on Sunday. Sometime during the night intruders obtained entrance via gym doors and a window. Six boxes of crepe paper and decorations were found beside an outside fence.

IT'S A FACT...ABOUT ERMA WORLD'S FIRST ELECTRONIC BOOKKEEPER

ERMA CAN SPOT YOU—IN JUST
32 MILLIONTHS OF A SECOND!

That's how fast checks are processed by ERMA, Bank of America's new Electronic Recording Method of Accounting. Here's how ERMA works: the numbers on each ERMA check are printed with a special magnetic ink containing microscopic specks of iron. When a check goes through ERMA's electronic "reader", each number is magnetized and sends out an electric impulse which is recorded by a computer. Even though a check may be folded or crumpled, ERMA reads it accurately, computes your statement in moments, without error. That's our ERMA—and she works only at Bank of America!

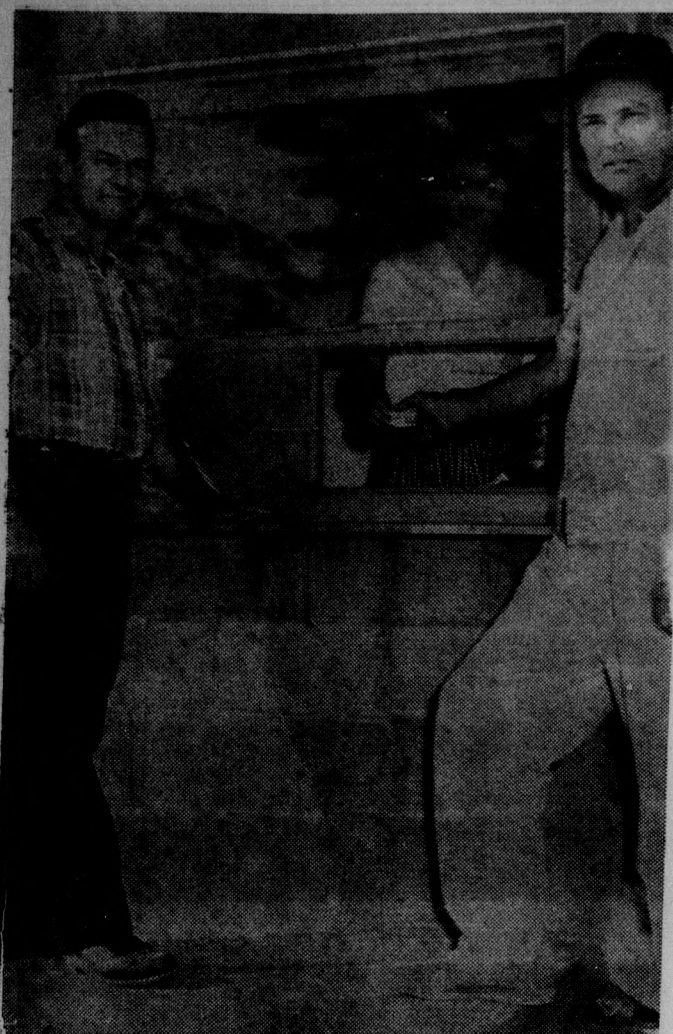

ERMA KNOWS ARABIC!

ERMA can't read handwriting. ERMA's language is made up of arabic numbers shaped in a certain way so that ERMA can read them at the speed of light—and without making a mistake. Pioneered and developed by Bank of America, ERMA provides the fastest, most accurate service for handling checks in banking history!

ERMA NEVER FORGETS A NAME

As part of its ERMA system, Bank of America now gives all regular checking customers free personalized checks—your name and address printed on all your checks at no extra charge. Why not open your account today?

BANK OF AMERICA

THEY HELPED materially to make Sierra Madre's Little League season an unprecedented success. Here we glimpse Dean Irwin and William Treder taking time out for refreshments at the new concession stand at Heasley Field. These two and numerous other men and women combined to help the Little Leaguers who won the Area 3 championship.

Creative Art Plans Flower Fix Lessons

"A Basic Course in Flower Arrangement" is the title of a new late summer workshop at the Creative Arts Group, beginning next week. Chikusui Kondo, whose father founded the famous Khikusen School of Flower Arrangement in Matsuyama, Japan, will be the instructor for the ten-week course to be held Tuesday evenings from 7:30 to 9:30.

Mr. Kondo grew up with the arts of Japan being practiced in his home, and he became the official flower arranger for the State of Ehani as well as a teacher of note for the past ten years.

The basic course will center around an introduction to both Oriental and Western style in flower arrangement and will emphasize practicality.

MEMBERS of the class will work out ideas using materials from their own gardens as well as those furnished by the instructor.

In addition, Mr. Kondo plans a comprehensive introduction to the symbolism used in Japanese flower arrangement dealing with the Japanese concept of beauty and its historical development. He intends also to bring in the significance of the tea ceremony as well as costume and other related arts.

MR. KONDO is a member of Ikebana, the International Organization of Flower Arrangers, and has shown his work at many exhibits and fairs in this area. Those wishing more information on this Creative Arts Group workshop may phone EL 5-0008 or EL 5-1996, or write Box 356, Arcadia.

Letter to The Editor

Dear Editor:

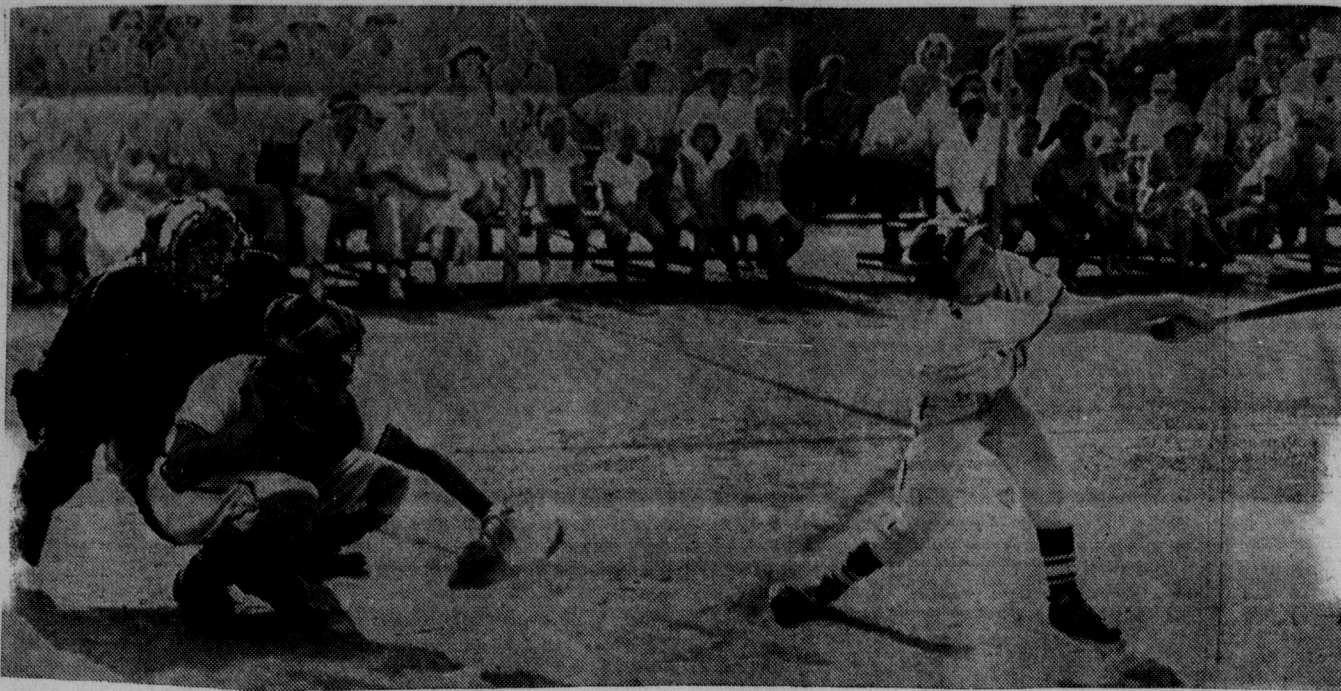

In relation to your article about Civil Defense in the Thursday edition of Sierra Madre News, I would like to ask a few questions:

Isn't it the city's job to recruit members for Civil Defense positions? Isn't it true that since 1958 Sierra Madre has been content to rely on the city of Pasadena for its C.D. operations?

Arcadia now has its C.D. operations in full swing under the directorship of Clifford C. Pollock and his volunteer members. What has been holding back the city of Sierra Madre?

There is an abundance of persons holding operators license in your city. Why haven't they been asked to help in C.D. work? I know that the amateur radio operators of Sierra Madre would be only too glad to help in your organization.

The time to be prepared is now, not tomorrow! If Arcadia could start from scratch, and organize its Civil Defense within a month's time, why can't the city of Sierra Madre do the same?

JEFF WALLINS of the Sierra Madre All-Stars lines one out during game with Pasadena All-Stars which the

Sierra Madre Little Leaguers won, and with it the championship of Area No. 3.

City Building Up \$358,926 In 7 Months

Sierra Madre is mounting to a point where its building construction this year could outdistance that of 1960 by approximately \$500,000.

Figures for the first seven months of this year are \$1,573,990, compared with \$1,212,061 for the same period in 1960, a gain of \$358,926.

July's permits totaled \$218,464 as against \$91,300 for the comparative period last year, a gain of \$117,164, according to Boyd Smith and Rosalie Moore of the City Building and Licensing Bureau.

Included were two single dwellings and two multiples, a total of 17 dwelling units.

NO REVERSE GEAR

Running into trouble is easy—the problem comes when you try to back out of it.

Wack Finishes

Army Pvt. Werner A. Wack, son of Mrs. Anna M. Wack of 224 Vista Circle Dr.,

Sierra Madre, has completed a 13-week guided missile electrical equipment installation and repair course at the Engineer School, Ft. Bel-

voir, Va. Young Wack entered the Army in January, completing his basic training at Fort Ord, Calif.

balanced power homes

give you the best of modern gas and electricity...
for easiest living at lower cost!

Shopping for a new home? Then consider **BALANCED POWER** homes—the most logical, common-sense approach to modern home design. **BALANCED POWER** assigns each household job to the power that does it best. That means modern gas does the cooking, heating and air conditioning, clothes drying, refrigeration, and water heating. Adequate wiring with plenty of outlets handles such jobs as modern lighting, TV sets, dish-

washers, and all the plug-in appliances you want.

The **BALANCED POWER** plan is the smart way to live modern in Southern California. It saves you time and it saves you money. It puts the best of both modern gas and electricity at your command. Be equipped for easiest living at lowest cost. Buy where you see the big blue **BALANCED POWER** sign displayed by leading builders throughout the Southland.

Dr. Rafferty To Address Arcadia Rally

Dr. Max Rafferty, the controversial superintendent of the recently organized La Canada School District, will be the principal speaker at the second in a series of "Wake-Up America" rallies sponsored by the "Arcadians for America," Saturday, Aug. 19, at 8 p.m. at the Arcadia High School Football Field. The public is invited. Dr. Rafferty, who hailed from the California desert

country before coming to La Canada, has been referred to as "one of the most articulate Conservatives in American school administration today." He is an avowed enemy of "progressive education."

He was educated in California, and was graduated with a B.A. and M.A. from UCLA, and received his doctorate from USC in 1956.

In 1956 he received the Shankland Memorial Award for research in problems of school administration. This award of \$1,000 is given each year to two men in the nation by the American Association of School Administrators.

A Predicament

More than 1,500 nudists gathered at one of their hideaways in sunny Southern California—it was a sort of "naked convention." Heaven only knows what they did, but seven persons received broken arms or legs when they fell out of some trees where they were trying to keep tabs with field glasses. Also, it seems that several of the nudists took part in a play wherein they partially covered themselves with leaves, which turned out to be poison oak leaves... what a predicament.

ELECTRICITY... always ready to brighten your nights, lighten your work, help you enjoy life more.

What else serves you so many ways, so often, for so little cost?

Look about you. Almost everything you need and enjoy owes its existence to electricity. Its energy drives the machines that produce your clothes, your car, this very newspaper. It is the most diverse and beneficial force ever harnessed by mankind.

And it will be an even greater power in the future — the all-electric future.

YOUR FUTURE IS ALL-ELECTRIC

Ten years ago the average family owned 15 electric appliances. Today, the same family owns more than 30. The number of ways electricity will serve you tomorrow is almost unlimited.

WHY BE HALF-ELECTRIC WHEN THE FUTURE IS ALL-ELECTRIC?

When you buy a home, DON'T BUY BUILT-IN OBSOLESCENCE. Buy a total-electric Gold Medallion Home and get complete "Housepower." Only homes that meet the rigid Medallion Home requirements for electric facilities offer you truly modern living. So-called "adequate" wiring is not enough. The one way to be sure you get the necessary number and variety of electric circuits, large enough wires and ample electric service-entrance facilities, is to buy a home that has earned this emblem... the Medallion Home Award.

When you buy a range, clothes dryer, air conditioner, water heater or home heating — buy electric. Why compromise with progress? Especially when electricity is today's biggest bargain, still priced at 1939 levels.

SCIENCE IS DEVELOPING NEW SOURCES OF ELECTRICITY

American industry recognizes that the demand for electrical energy will soon reach staggering proportions — that the future is all-electric.

That is why today, more than ever before, practically all segments of industry are channeling tremendous effort toward one imperative, common objective: to be ready for the all-electric future by improving existing methods and finding new ways of producing and delivering electricity; by increasing the efficiency of electrically operated products; by expanding the many ways electricity can serve mankind.

The electric industry, of course, continues to be in the forefront in this research. And logically so. Electricity is our business.

Whatever the source, electrical energy is limitless, and Southern California Edison will continue to bring you an abundant, dependable supply at the lowest possible rates.

AS WORK BEGAN this week on the new 7,500 square foot Educational Building at Bethany Church plant. Here we see the first concrete being poured as Rev. Harold Ankeny watches. The pastor, Rev. Robert N. Schaper, is on vacation. Norman Toombs of Pasadena is general contractor, with Donald MacDonald of Arcadia, building committee chairman.

INSTRUCTOR WAYNE SHULL watches carefully as Bill Hartley tries out his skill in jumping at Sierra Madre School playgrounds.

INSTRUCTOR JAMES HOLLINGER shows Wade Bonds and John Winlon fine points of caroms at Sierra Madre School playgrounds.

CORRINE J. FULLER of 240 Mariposa Ave., Sierra Madre, California Water & Telephone Company employee, shown receiving an additional cash award for an original service improvement suggestion made under the company's suggestion program. District Maintenance Supt. Jack Simpson, made the award.

Council Meeting

(Continued from Page one)

from enrolling in tax-supported institutions above the high school level, was tabled.

THE PARKS and Recreation Commission request that George T. Fleming be reappointed to that group was approved. Fleming had been dropped mandatorily when he was absent from three consecutive meetings. His work on the board was described as excellent. He will fill out his own unexpired term.

A representative of the city employees will meet

with a councilmanic representative on state pensions, provision for which is made in the new budget.

Upon motion of Councilman Lorraine W. Lisle, Council decided to hear the Southern Pacific side of the controversy over acquisition sought by the Santa Fe. It of the Western Pacific, also has already heard the Santa Fe argument.

Assistant City Administrator Tom Butch's suggestion that a radio system to arouse firemen who do not hear the downtown siren be purchased, was approved. The price is \$3239.62. The Federal Government may share the cost.

Valerie Dawn Anderson Wed To R. Cuckler

Mr. and Mrs. George M. Anderson of 561 Ramona, Sierra Madre, announce the wedding of their daughter, Valerie Dawn, to Ronald W. Cuckler on July 14 at the Church of Religious Science, Santa Barbara.

A wedding dinner was held at "The Harbor" in Santa Barbara. The honeymoon was spent at the Santa Barbara Biltmore fronting directly on the ocean.

They now are making their home in Alhambra.

3rd Aqua Fair

(Continued from Page one)

which will be part of the Aqua Fair. Ribbons will be presented for first, second and third places. Those interested may sign up at the City Pool in Sierra Vista Park.

Lanternman

continued from page 1

the people of the 48th deserved the best of treatment and that I would not demean myself by accepting concessions at their expense and which would impair their political privileges. I stood fast on that."

"Taste in clothes differs from man to man. And, of course, women see their men dressed in their own way. One thing all people agree on though; they want their dollars worth. I see it the same way when it comes to savings. For my money it's Monrovia Mutual. I get real personal interest saving in Monrovia. And I know it's good for our city."

Three Decorative Trees . . .

Pepper, Weeping Willow, Olive Thrive in California

You can look long and hard before finding three more decorative trees than the olive, the pepper and the weeping willow. They have in common a lacy texture in their foliage and habits of growth that, while different, are alike in being beautiful.

This trio of trees are 'specially suited to small or medium gardens in general and to California gardens in particular.

The olive has long been a favorite with members of the California Association of Nurserymen, and it is interesting to note how professional landscapers are turning to it more and more. You see it with increasing frequency in the landscaping around new public buildings and as a terrace or patio centerpiece. This takes one back to early California when the olive was a familiar foreground to Spanish architectural style.

Last of our trio, the weeping willow, is similar to a pepper tree in its pendulous habit, but unlike either olive or pepper in the impression it gives the gardener. If an olive seems made for dry places and pepper looks at home in either drought or moisture, weeping willow is definitely enhanced by proximity to water.

Secretaries Plan August Festival

An American picnic supper will be the event which will attract Pasadena Chapter, National Secretaries Association, members to the home of Mr. and Mrs. Al Brune, 1284 E. Mendocino, Altadena, on Thursday evening, Aug. 10. Price will be \$2.50.

Mrs. Eugene Elliott, president of Pasadena Chapter of National Secretaries Association, invites all interested secretaries to attend. For further information and reservation, program chairman, at Atlantic 7-9671 or ELgin 5-9281.

There is a tendency today toward high pressure and high speed—don't let the fever catch you—it can be fatal.

FOR ATHLETE'S FOOT
Use instant-drying T-4-L for 3 to 5 days. Watch fresh, healthy skin replace the infection. Ease aching, swelling, perspiring in the 66 joints of the feet by bathing them with T-4-L twice daily. It not only dries and soothes, but also keeps the feet cool and comfortable. NOW at Hartman Drug, Sierra Madre.

Judge Frees Man Held in Brain Death

A murder charge against George Walter Phillips, 49-year-old Torrance man, resulting from the death of Lawrence Brannard Brain, 49, of 9180 E. Huntington Dr. Arcadia, former Sierra Madre city clerk, was dismissed by Judge Louis T. Fletcher in Pasadena Municipal Court last week.

Brain, according to the coroner's report, died of asphyxia, the official's report adding that he had 48 per cent of alcohol in his blood. Authorities say that ordinarily 50 per cent is usually fatal.

Judge Fletcher ruled that he did not believe from the evidence submitted that a murder had been committed and granted the motion of Public Defender Leon M.

Salter to dismiss the charge against Phillips.

TESTIMONY OF Deputy Sheriff Kenneth Fish was that he went to the Brain apartment, observed numerous cuts on the victim and that Phillips was covered with blood, as was the room. He testified that he asked Phillips what occurred and that the latter replied:

"He wanted a drink and I pushed him. We had a fight and I hit him with my hand."

Brain was city clerk in Sierra Madre in the 50's and later engaged in real estate business in San Gabriel and Arcadia.

Mrs. Clark Better

Mrs. Mae Clark was returned to her home at 15 E. Mira Monte following treatment at Sierra Madre Community Hospital. Mrs. Clark suffered a fainting spell at her home and was treated at the hospital by Dr. Norman F. Johnson.

LEGAL NOTICE

RESOLUTION OF INTENTION No. 1819
A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SIERRA MADRE IN THE MATTER OF THE CONSTRUCTION OF SANITARY SEWERS, WATER LINE, STREET IMPROVEMENT AND APPURTENANCES IN ASSESSMENT DISTRICT NO. 18, IN THE CITY OF SIERRA MADRE, CALIFORNIA.

RESOLVED BY THE CITY COUNCIL OF THE CITY OF SIERRA MADRE: That it is the intention of the said City Council to order the following work to be done and improvements to be made in the City of Sierra Madre, State of California:

The construction of sanitary sewers, water line, street improvement and appurtenances, and all appurtenant work, in connection therewith:

1. The Extension of Bonita Avenue All of the above mentioned work is more particularly and specifically set forth and described in the plans, profiles and specifications for said work heretofore adopted by the City Council of the City of Sierra Madre, by its Resolution No. 1809, which plans, profiles and specifications are hereby referred to for all particulars in connection therewith. The public streets and rights-of-way heretofore referred to are shown and delineated in detail and specifically located on the plans heretofore referred to.

Section 2. That all of said work described in Section 1 shall be constructed in said streets, avenues, roads, lanes, courts, places and/or public ways or easements heretofore referred to, in the particular locations set forth and shown on the plans and detailed drawings, consisting of two sheets and the specification heretofore and hereafter referred to, together with the construction of the appurtenances thereto, including necessary trenching, grading and re-grading, excavations and the removal of obstructions, connections to existing services, backfilling, construction of a 6 inch water line, fire hydrant and appurtenant construction of concrete curbs and gutters, grading and paving, all in the manner and details set forth and shown on the plans and to the dimensions and to the grades, and in the particular locations as shown on the plans and specifications and detailed drawings heretofore and hereafter referred to.

That the structures and work and improvements herein described shall be constructed to the grades, sub-grades and elevations severally shown upon the plans and profiles and detailed drawings thereof, to which plans and profiles and detailed drawings are expressly made for a description of the grades to which all of the work and improvements under this Resolution of Intention shall be done, which said grades are hereby adopted and established as the official grades therefor for all purposes in connection with the plans and profiles, and in accordance with said plans and specifications.

All of said work shall include, without duplication, any and all streets intersections, terminations and opposite terminations occurring within the limitations of said work.

The attention of all persons is directed to the fact that all of said classes of work above described may not be constructed upon all of the streets and/or public ways above described in their entirety; but only upon the particular locations as shown on the plans and specifications; and

The acquisition of certain land or rights-of-way is also proposed pursuant to Section 5102 of the Streets and Highways Code of the State of California; said acquisitions are shown upon the plans heretofore adopted.

Section 3. That the said contemplated work of the said City Council, is of more than local or ordinary public benefit and the expenses of said work and the improvement chargeable upon a district, which said district the said City Council hereby declares to be the district benefited by said work and improvement and to be assessed to pay the costs and expenses thereof, including incidental costs and expenses, which district is described as follows:

All that certain territory of the City of Sierra Madre, California, included within the exterior boundary shown on the one sheet of map entitled "Assessment District No. 18, Assessment Map," as to the "Plan," which was heretofore finally approved by the City Council of said City on the 25th day of July, 1961, indicating by said boundary line the extent of the territory included within the proposed assessment district, and which plan is on file in the office of the City Clerk of said City, EXCEPTING and delineating upon said plans heretofore referred to, the streets, public avenues, public streets, public roads, public lanes, public ways, public easements and all rights-of-way therein contained, belonging to the public, and all lots or parcels of land belonging to the United

LEGAL NOTICE

States, or to the State of California, or to the County of Los Angeles, or to the City of Sierra Madre, or to any other public agency, which lot or parcel of land is in use in the performance of any public function, and all such property above mentioned and described as being excepted from the area shall be omitted from the assessment hereafter to be made to cover the costs and expenses of the said work and improvement. Reference is hereby made to said plan for a further, full and more particular description of the said assessment district, and the said plan so on file shall govern for all details as to the extent of said district.

Section 4. The estimated cost of said improvement is the sum of \$90,000.00. The costs thereof will be assessed upon the property benefited and no contribution of work or labor, materials, supplies or equipment has been or is to be made by any local, state or national agency or authority.

Section 5. Notice is hereby given that serial bonds shall be issued to represent each assessment of Fifty (\$50.00) Dollars or more, remaining unpaid for thirty (30) days after the date of the warrant to represent the expenses of said work and improvement. Said serial bonds shall extend over a period of nine (9) years from the second day of January next succeeding the next September 1st following their date and an even annual proportion of the principal sum thereof shall be payable by coupon on the 15th day of October each year, following the next September 1st after their date, until the whole is paid. The first interest shall become due and payable by coupon on the 15th day of October next succeeding the September 1st or the 15th day of April next succeeding the March 1st, after date, with the following interest each for six months and payable the 15th of April and October respectively, of each year after their date at the rate of six per cent (6%) per annum on all sums unpaid until the whole of said principal and interest shall be payable at the office of the City Treasurer of the City of Sierra Madre.

Said bonds shall be payable to bearer and there shall be added after the redemption clause in the bond form the following language: "Together with a premium of five per cent (5%) of said unpaid principal."

Section 6. Notice is hereby given that on Tuesday, the 22nd day of August, 1961, at the hour of 8:00 o'clock P.M. of said day, at the meeting place of the City Council of the City of Sierra Madre, County of Los Angeles, State of California, any and all persons having any objection to the proposed work or improvements or any objections to the grades to which said work is proposed to be done or to the boundaries of the district proposed to be assessed to pay the cost and expenses of said work, may appear before said City Council of

the City of Sierra Madre and show cause why said improvements should not be carried out in accordance with this Resolution of Intention, and may present written protest, not later than the hour heretofore set for hearing, against the doing of said work, the grades to which said work is to be done, or the extent of the territory to be assessed to pay the cost and expenses thereof.

Section 7. The City Clerk of the City of Sierra Madre shall cause this Resolution of Intention to be published twice in the Sierra Madre News, a newspaper of general circulation published and circulated in Sierra Madre, which said newspaper has heretofore been designated by said City Council as the newspaper in which shall be printed and published all notices, resolutions, orders and other matters required to be published in the proceedings taken pursuant to this Resolution of Intention, all in the time, form and manner prescribed in said "Improvement Act of 1911" as amended.

Section 10. The City Clerk shall

certify to the adoption of this Resolution. Adopted and approved this 25th day of July, 1961.

W. W. Vanier Mayor of the City of Sierra Madre, Calif.

I HEREBY CERTIFY that the foregoing Resolution was duly adopted by the City Council of the City of Sierra Madre at a regular meeting held on the 25th day of July, 1961, by the following vote of the Council:

AYES: Councilmen Rule, Abernethy, Lila, Vanier.

NOES: None.

ABSENT: Councilman Sorensen.

L. Marie Warfel City Clerk of the City of Sierra Madre, Calif.

Publish: Aug. 3 and 10.

News of the Churches

'The Peacock' Hansen Topic

"The Peacock" will be the sermon of Rev. Ray E. Hansen at Shepherd of the Hills Lutheran church, 33 E. Sierra Madre Blvd., Sierra Madre, at 10:10 a.m. Sunday, Aug. 13.

It is centered on the parable Christ told of the two men who went to the Temple to pray, as recorded in Luke 18:9-14.

"Pride is a great block in our path to real nearness to God," Pastor Hansen will say. "Pride blots out our desire to talk to our Creator. It is only when we humble ourselves, as did Christ, that we can come to know God as He wants us to know Him."

THE AIR COOLER enables the church to keep the temperature in the 70's during worship, the pastor reported. Visitors are always welcome.

Sunday School continues through the summer at 9 a.m.

'Where To Find God,' Her Theme

Dr. Ethel Barnhart, minister of the Santa Anita Church of Religious Science, 226 W. Colorado Blvd., Arcadia, will use as her sermon topic "Where To Find God," at the 10 o'clock worship service Sunday. The eternal quest of man is to find wholeness through his oneness with God. This quest will be the basis of Dr. Barnhart's lesson-sermon next Sunday.

Children from pre-school through eighth grade meet at 10:30 a.m., every Sunday morning. Two youth groups, high school age and one for young adults from 17 through 21 meet at 7:30 p.m.

Wednesday mornings at 10:30 o'clock, Rev. Rosalie Fowler is conducting a group of lessons based on "The Voice Celestial," which was the last book of Dr. Ernest Holmes, founder of Religious Science. Part of this hour is devoted to prayer for specific requests.

DR. BARNHART will conduct a special tutorial class for five weeks beginning Tuesday evening, Aug. 22, at 7:30 o'clock. The class, "Your Abundant Supply," will cover the whole range of supply, whether it be of mind, body, or affairs. This class is open to the public. Enrollment is now being taken. Call the Church, HI. 6-8206, for further information.

The Santa Anita Church Day School, a public day school conducted at the same address and meeting all the requirements of the California State Department of Education, will open Sept. 11. The curriculum further provides for those who are ready to go ahead in all fields of learning. Both the Spanish and Russian language will be offered.

A strong reading program, together with advanced mathematics and science, will be presented. The school is open to children from the 1st through the 6th grade levels. Enrollment is limited. Call Hillcrest 6-8206 for added information. Dial for prayer HI. 7-6167.

Bethany Notes

During the balance of August and the first Sunday in September there will be guest ministers in the pulpit at Bethany Church, Dr. Robert N. Schaper, pastor, will be on vacation.

He announces that this coming Sunday, Aug. 13, Rev. Ray C. Ortlund, pastor of the large Lake Avenue Congregational Church in Pasadena, will speak at the 11 worship hour. Rev. Ortlund has been pastor of the Lake Avenue Church for three years, during which the congregation has grown numerically and spiritually. His ministry there has been fruitful and Dr. Schaper urges the many friends of Bethany to come and hear this fine minister.

At the evening service which begins at 7 o'clock, Richard Wolke of Beverly Hills will speak. He is president of the Houston-Fearless Investment Holding Co. of Beverly Hills. For many years he has been an officer in the International Christian Business Men's Committee and has spoken many times at this organization's conventions.

He is one of the outstanding Christian laymen of the country and a strong advocate of consistent Bible reading as a means to aid Christian people in their life experience.

In addition to this fine speaker John Bush of Sierra Madre will be leading the song service, with Marilyn Richter, also of Sierra Madre, accompanying at the console.

DR. SCHAPER while on vacation with his family will be assisting in the High School Conference at Forest Home Christian Conference Center August 13-19. He will also speak in the two morning services at Lake Avenue Congregational Church in Pasadena on Aug. 13.

TEN HIGH SCHOOL GIRLS from Bethany Church will attend the Tahquitz Pines Christian Endeavor Camp, starting this Saturday, Aug. 12. They include Stephanie Guyer and Anna Ashe of Pasadena; Pat and Pam Wilhite, Tisa and Pat Gamby, all of Arcadia; Janet Harfman, Rosalie Nelson and Dolly Lofgren all of Sierra Madre.

In addition, Debbie Jackson of Northern California and relative of the Gambys, will attend. Mr. and Mrs. John Gamby and Mr. and Mrs. Glen Maxwell will be assisting in transportation and will bring back eight juniors who are now in the Tahquitz Camp located in

B'nai B'rith Plans 'Olden Days,' Party

San Jacinto National Forest.

AT THE EVENING service next Wednesday evening, Aug. 16, Dr. Morton Alexander will be speaking. Dr. Alexander, returned missionary from Africa, is now residing in Duarte and has recently opened practice in Temple City. He and his wife are active in the life of the church at Bethany.

TWENTY-FIVE young people met at the Jim Stewart home in Monrovia for an "afterglow" party following the evening service last Sunday night. Mr. Stewart, the High School Christian Endeavor sponsor, made a promise that they could "raid his refrigerator," and made good his promise.

The young people consumed pounds of cold cuts, watermelon, ice cream, cold drinks, cookies, and literally anything that happened to be in the Stewart refrigerator. This social time proved to be a real high light in the life of Bethany's young people the past week.

A fun for all party titled "The Good Old Days" will be given by the San Gabriel Valley B'nai B'rith Women's Chapter and Men's Lodge. This affair will be held on the spacious grounds of the "Cly Estate" at 644 W. Foot-hill Blvd., Arcadia, adjoining Sierra Madre, on the evening of Saturday, Aug. 19.

Cocktails will be served at 7 p.m. to be followed by dinner, entertainment and dancing. Chairman is Mrs. Shirley Zatsinsky.

Art Cohen is in charge of the entertainment. A group of variety acts are in production. Those who attended last year's party will remember the hilarious time and some of the delightful surprises that took place. This year's entertainment promises to be even better.

PROCEEDS from this party will be used to assist with the B'nai B'rith projects, which include the Boy Scouts activities, vocational guidance for teenagers, work

Faith Church To Hear Rev. E. J. Brott

Rev. E. J. Brott of Monterey Park, a Southern California Lutheran institutional chaplain, will conduct the 9 and 10:30 worship services Sunday morning at Faith Lutheran Church, 835 Hastings Ranch Dr. Rev. Armin

W. Hesse is on vacation.

In the service of The Lutheran Church — Missouri Synod, Chaplain Brott serves patients at 12 county institutions, among them the Los Angeles General Hospital, Oliveview Sanitarium and Santa Anita Sanitarium, and ministers to the unemployable and handicapped men at two county camps. His spiritual ministry reaches more than 500 patients and inmates a month.

with the college youth, hospital support and many other projects.

Members are urged to bring their friends. For further information call Mrs. David Splaver at HI. 7-8378 or Mrs. L. Pius at HI. 7-6657.

THE MR. AND MRS. CLUB of Faith Lutheran Church will enjoy a backyard clam-

bake on Friday evening, Aug. 18, at the home of Dr. and Mrs. Karl Mittelstadt in Glendora. Reservations may be made by calling ED. 5-0095, SY. 8-8759 or HI. 6-1004.

In a meeting of the members of the parish, held last week, the members of Faith Lutheran Church unanimously requested Pastor Armin Hesse to decline the call to the pastorate of Emanuel Lutheran Church in Santa Barbara. He announced that he would convey his decision to the congregation in the near future.

CHIP Adds New Master Bedrooms

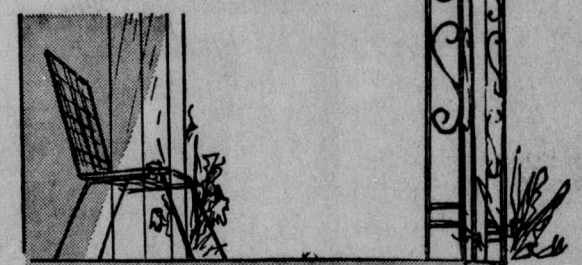

OPEN ALL DAY SATURDAY 9 TO 5
WEEK DAYS 8 TO 5:30

WHY WORRY ABOUT COLORS?

Pick the drapery or carpet of your choice. We'll be able to match them. We have a machine here that will mix more than 1000 colors including deep tones.

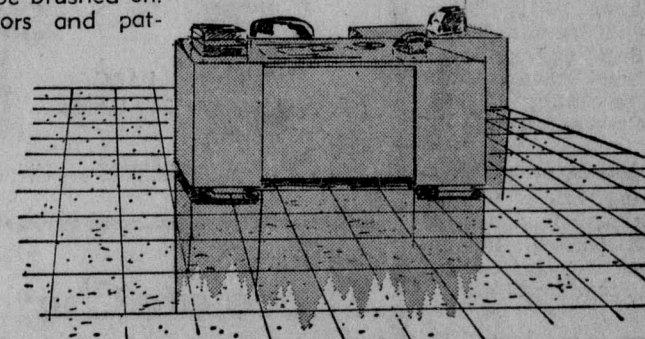

PORCH COLUMNS

Made of black iron these attractive porch columns are also wonderful for patios, car ports, etc. 8 inches wide by 8 feet long. **585**

TOUGH, YET BEAUTIFUL FLOOR TILE

Terraflex is a vinyl asbestos tile that's good for home or office use and it's a cinch to put down... with a mastic that can be brushed on. Standard colors and patterns.

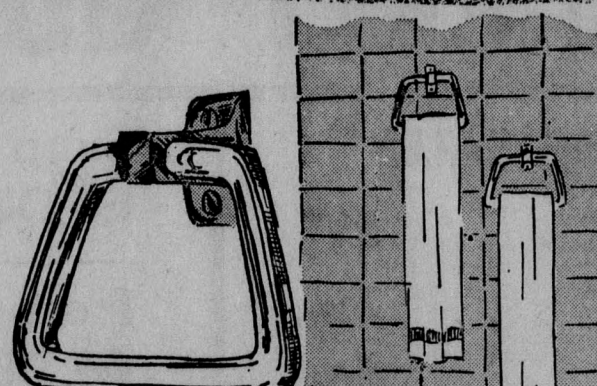

13c EA.

SUN VALLEY PANELING

Ours exclusively, this Sun Valley white pine. Small beautiful knots and small V-joint for ease of installation. Finish to your taste.

1"x6" V-JOINT PINE
ARCADIA LUMBER
SPECIAL... **15¢** BD. FT.

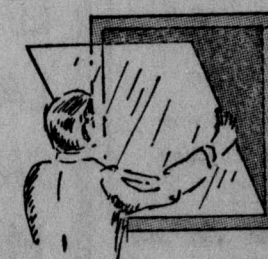

TOWEL RINGS

Doll up the bathroom or kitchen with colorful towel rings, plexiglass or chrome, in several designs. One pictured priced at only **175**

ANY BROKEN WINDOWS?

We'll fix 'em. Bring them in or give us a call. Or if you prefer we can furnish the glass, points, etc. so you can do the job yourself.

Ken Ellerbrock Leaves To Serve Moroccan Base

KENT ELLERBROCK, airman 2nd class, has successfully completed his "Five Level" test at the Dyess Air Force Base in Abilene, Tex., and has been selected to serve for two years as photographer in Casablanca, Morocco.

After a short leave which he spent at the home of his parents, Mr. and Mrs. Lee Ellerbrock of 501 E. Montecito, Sierra Madre, he left on Aug. 5 from Charleston, S.C., for the Nouasseur Air Force Base in Morocco.

Arcadia 'Y' Swim Classes Still On

Arcadia YWCA swim classes will continue through Aug. 25 with special rates for 9:45 a.m. classes only for children 6-12. These classes will include Beginning 1, Beginning 11, Intermediate, and Advanced for children, according to Mrs. Herbert Graves, program director.

The classes will meet Monday through Friday for the two-week period of Aug. 14 to Aug. 25 between 10 a.m. and 2 p.m. All classes will be limited to a small enrollment.

Participants may enroll by calling HI. 7-7500 or by going to the Y office, 907 So. First Ave., Arcadia.

'Growth of Law' Rabbi's Theme

Rabbi Camillus Angel will conduct the regular Friday evening services at Temple Beth David of the San Gabriel Valley at 8 o'clock. He will speak on "The Growth of The Law," Mrs. Charles Lich of 710 Encino Dr., Arcadia, will be at the organ.
